So Multimedia role in forming mental images. The media for many people are the main source of the formation of public opinion and therefore the world, which is

lived by many people- according to "Lipman"(1922) and "adlman "(1988)- is a reality that is formed based on the interpretation of news .as"Lipman" has called " A counterfeit environment", and told "the media form the image of the world in our minds, and in the different areas of most important of it : the image of foreign countries, the image of the peoples and certain groups, the image of certain issues, the image of candidates in the elections, and the formation of expectations on certain events."

- Political projections on advertising animation cadres

When dimensions, objectives and political projections disappear from animation art. It shows The dangerous of advertising animation film, which directly affects the small kid mentality, which is a fertile soil to grow many ideas, which many use it widely in political and intellectual areas, and also many organizations and intellectual bodies use it to broadcast many its deadly propaganda Scenes via attractive scenes to get attention of many viewers towards them.

As the article in the Online Shorouk magazine, entitled "The world leaders have to watch" Tom and Jerry, "and" Pink Tiger "and the series of animation" Simpson ", which

has been predicted for 16 years with being Trump the president of America! So I'll compare and analysis the political projections on animation cadres in both: animation video clip entitled" He's BARACK OBAMA... He's come to save the day", and series animation "Simpson".

- Political projections on cartoons in the animation series "Simpson"

In this regard, the researcher deals with this series particularly because its future expectations motivate the contemporary political reality through two axes: first axis as a political motivate in the contemporary strategy, and the second axis: monitoring political projections via the series cadres.

The fourth axis : Political projections on cadres in the animation series "the Simpsons"

- The series of animation "Simpson" as a political motivate in contemporary reality strategy

As for the Simpson family, ""The Simpsons" called in the arabic version ""omer Shamshons", "The character of "Simpson Jay Homer" and famed by" Homer" is a fake character and the hero of the animation series of the Simpson family, the series subject that Homer family-with the strange yellow to attract attention- consists of Homer, the father and his wife" Marge, and three kids: Bart & Lisa & Maggie. He was working in The nuclear power station "Serenfield" and Homer embodies the American moderate class. acting his voice:" Dan Castellaneta". For the first time on television, he appears with the rest of his family, in a short film entitled "Happy night" on April 19, 1987, the character of "Homer" is designed by Painsit, "Matt Groening" while he is waiting in James L. Brooks' office hall "After its appearance for three seasons on Tracey Ullman channel, then Fox channels network get the right of publication this series to that chain and presented its first episode on 17 December 1989. Fox company has owned the official sponsor of " The Simpsons" series until year 2022.

- Monitoring the political projections via animation cadres in the animation series "Simpson"

The American elected President- Trump has appeared in several episodes as a famous financial character but further appeared in the 30th episode of his candidacy for the United States presidency in the animation series" Simpson "entitled:" Bar to The Future "on 17 March 2000 and I have seen the episode which related with his campaign, the strange thing is that the scenario of Trump entry to the conference hall is match 100% with his entry into the cartoon series " The Simpsons ". All the scenes appeared in this cartoon episode before several years it has been embodied on the reality with the accurate details, like the clothes, the presence location ,the surrounding characters , his movements and the speech he said.

And we understand that those who control the United States from a particular place are planning events for many years before they occur - before the War of Iraq, Afghanistan and the financial crisis, and before the presence of smart phones, especially before the digital revolution.

Where the father "Homer" goes to the future to find the conference "Donald Trump" and he is presenting to the USA president in the press. After The country will lose her mind . As America will fall down in the rest of the rich trump family , which control America and the the world too. There is a little who remembered this laughing and reliable episode that remembered by Sky News and broadcasted the comic episode that was given to the episode writer, a great fame since the date of Donald Trump won the presidency.

Figure No. (3) explains several cadres from one of the Simpson Family episodes in 2000 predicted that Trump becomes the president and conformed with the scene in the contemporary reality after several years when Trump was already nominated to preside the United States of America In the late 1980s, Trump was recently nominated in 2016 and the usual tray scene in the Trump Tower, and finally after he become the President of the United States and the fears about his shocking statements.

Note that: it is Written "Trump :America you can be my ex-wife!"

In July 2015, Donald Trump is nominated for the presidency of the United States of America on the Republican Party - but no one get interested because no one believed, he

would win and he won on 2 November 2016. "Dan Grini" is one of the writers of Simpson episodes "the Serial hasn't no predictions and the author is not the actual ruler of the world and everything is trying from the series' team work to renew and keeping away from repetitions in his more than 500eposide and display political and humanitarian issues in a comedy way. The delivery of Trump presidential councils was warning to the USA .This vision is matching with that the Americans will become mad. "As in 2015 and after Trump's candidacy for the US presidential elections, a short sarcastic clip was issued:" Trump Tasting Voyage "as the clip shows Tramp goes down the electric staircase between a group of his supporters while one of them falls a sign . that is actually repeated at the beginning of 2016 during the Trump's elections Campaign, but the electric staircase scene is a famous

scene in the Trump Tower. The clip shows the actual economic situation of the United States is now, and the very disastrous .

This is known that "The Simpson family series is "one of the most controversial series recently because her predication with future events before it occurred, like the events of September 11, t the Arab Spring revolutions, the invention of the iPhone, smart clock, three- dimensional printers, and finally the victory of the American president" Donald Trump

Some think that The Simpsons series display many mysterious predictions in the world of politics, medicine and even physics and terrorism. And everything is dominant, everything is controlled in us, our minds and in our plants, and its discoveries and in natural disasters and tell us sometimes what they intend to do and the world in a semi-sling.

Figure No. (7) illustrates a cadre from one of the Simpsons episodes

And the absent reality of everyone that Trump has expressed its political ambition to reach the USA presidential chair in 1987, after one year the appearance of the first episodes of the series " The Simpsons", and announced his candidacy since October 1999, to enter the USA presidential race for the first time in 2000. Candidated by A small American reform party. Some political analysts surprised his shares by winning Trump the USA presidency, nominated by the Republic party. As he appeared in The Simpsons series since 17 years in the 84-year-old in 2033, and he has brought to America a Sufficient crisis and broken finances in external debt and in the dependency of Europe, China and their subsidies. Grape. This scenario comes in contrast to the trump election campaign in which he is promised a maximum economic residence and restoration of America.

It is mentioned that the series broadcasted via Fox News, proven the truth of his expectations for the future, making some say that it's a thoughtful plan for the leakage of their plans in series and films .for two reasons, their huge numbers and the prohibition of communication between them except Hierarchy.

Also in Hollywood movies, which merged the reality into the computer graphic and optical illusion as in the " Terminator part II", "Judgment Day", in 1991 so some videos came online and on YouTube thought that the series team workers may be Illuminati. As The series "Simpsons" on the 20th century Fox television mention some political phrases as a United Nations debate, "system with any pay "I am high with capitalism".
